

AMENDED IN ASSEMBLY JUNE 5, 2007

AMENDED IN SENATE APRIL 17, 2007

SENATE BILL

No. 684

Introduced by Senator Cox

February 23, 2007

An act to amend Section 14035.55 of the Government Code, relating to transportation.

LEGISLATIVE COUNSEL'S DIGEST

SB 684, as amended, Cox. Intercity rail services: feeder buses.

Existing law authorizes the Department of Transportation to contract with Amtrak to provide intercity rail passenger services. Existing law also authorizes the department to provide funding to Amtrak to contract for feeder bus services operated in conjunction with the intercity trains, but subject to the restriction, among others, that the bus services be used only by passengers who are connecting to or from a train.

This bill would ~~also authorize~~ *remove this restriction with respect to* a feeder bus service contracted by Amtrak to serve ~~passengers traveling solely by bus~~ *the route* between the City of Sacramento and the City of South Lake Tahoe and intermediate points if no other bus service is provided by a private intercity bus company, *and would authorize the department to enter into a contract with Amtrak for that purpose*. The bill would also require the department to report to the Legislature in that regard by ~~January 10~~ *March 1*, 2010.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 14035.55 of the Government Code is amended to read:

14035.55. (a) The Legislature finds and declares all of the following:

(1) Intercity passenger bus service provided by intercity bus companies on a regular-route basis is the only public mass transportation service in the state to provide surface transportation without public subsidy.

(2) The long-term maintenance of private sector intercity passenger service is of vital importance to the state.

(3) Intercity bus companies serve many communities throughout California, providing a network of connection points without equal by any other mode of public or private transportation.

(b) To the extent permitted by federal law, the department shall encourage Amtrak and motor carriers of passengers to do both of the following:

(1) Combine or package their respective services and facilities to the public as a means of improving services to the public.

(2) Coordinate schedules, routes, rates, reservations, and ticketing to provide for enhanced intermodal surface transportation.

(c) Except as authorized under subdivisions (e) and (f), the department may provide funding to Amtrak for the purpose of entering into a contract with a motor carrier of passengers for the intercity transportation of passengers by motor carrier over regular routes only if all of the following conditions are met:

(1) The motor carrier is not a public recipient of governmental assistance, as defined in Section 13902(b)(8)(A) of Title 49 of the United States Code, other than a recipient of funds under Section 5311(f) of that title and code. This paragraph does not apply if a local public motor carrier proposes to serve passengers only within its service area.

(2) Service is provided only for passengers on trips where the passengers have had prior movement by rail or will have subsequent movement by rail, evidenced by a combination rail and bus one-way or roundtrip ticket, or service is also provided on State Highway Route 50 between the City of Sacramento and the City of South Lake Tahoe and intermediate points for

1 passengers solely by bus if no other bus service is provided by a
2 private intercity bus company.

3 (3) Vehicles of the motor carrier, when used to transport
4 passengers pursuant to paragraph (2), are used exclusively for that
5 purpose.

6 (4) The motor carrier is registered with the United States
7 Department of Transportation (DOT) and operates in compliance
8 with the federal motor carrier safety regulations, and provides
9 service that is accessible to persons with disabilities in compliance
10 with applicable DOT regulations pertaining to Amtrak services,
11 in accordance with the federal Americans with Disabilities Act of
12 1990 (Public Law 101-336).

13 (d) The department shall incorporate the conditions specified
14 in subdivision (c) into state-supported passenger rail feeder bus
15 service agreements between Amtrak and motor carriers of
16 passengers. The bus service agreements shall also provide that a
17 breach of those conditions shall be grounds for termination of the
18 agreements.

19 (e) Notwithstanding subdivisions (c) and (d), the department
20 may provide funding to Amtrak for the purpose of entering into a
21 contract with a motor carrier of passengers to transport Amtrak
22 passengers on buses operated on a route, if the buses are operated
23 by the motor carrier as part of a regularly scheduled, daily bus
24 service that has been operating consecutively without an Amtrak
25 contract for 12 months immediately prior to contracting with
26 Amtrak.

27 (f) Notwithstanding subdivisions (c) and (d), or any other
28 provision of law, the department may enter into a contract, either
29 directly with a public motor carrier in the County of Monterey, or
30 indirectly with that carrier through a contract with Amtrak, to
31 provide mixed-mode feeder bus service on the San
32 Jose-Gilroy-Monterey route. The contract with a public motor
33 carrier may only be entered into if the department determines that
34 there is no private motor carrier providing scheduled bus service
35 on the San Jose-Gilroy-Monterey route. However, the contract
36 shall be terminated, within 120 days' notice to the public motor
37 carrier, if a private motor carrier again operates a scheduled service
38 on the San Jose-Gilroy-Monterey route.

39 (g) *Pursuant to paragraph (2) of subdivision (c), the department*
40 *may enter into a contract with Amtrak to provide bus service on*

1 *the Sacramento-South Lake Tahoe route. The contract with Amtrak*
2 *may only be entered into if the department determines that there*
3 *is no private motor carrier providing scheduled bus service on*
4 *that route. However, the contract shall be terminated, within 120*
5 *days' notice to Amtrak, if a private motor carrier again operates*
6 *a scheduled bus service on the Sacramento-South Lake Tahoe*
7 *route.*

8 ~~(g)~~

9 (h) The department shall undertake a two-year study of
10 patronage on the bus service operated between the City of
11 Sacramento and the City of South Lake Tahoe and intermediate
12 points pursuant to ~~paragraph (2) of subdivision (e)~~ *subdivision (g)*,
13 identifying the number of passengers who are transferring to an
14 Amtrak rail service and those who are traveling solely on the bus
15 service. The study shall identify the revenue from each category
16 of passengers and ~~shall report on other salient facts about the~~
17 ~~ridership~~ *include other pertinent ridership information.* The report
18 shall be submitted to the ~~Secretary of the Senate and the Chief~~
19 ~~Clerk of the Assembly~~ *transportation policy committees of the*
20 *Legislature* no later than ~~January 10~~ *March 1, 2010.*

21 ~~(h)~~

22 (i) For purposes of this section, the following terms have the
23 following meanings:

24 (1) "Amtrak" means the National Railroad Passenger
25 Corporation.

26 (2) "Department" means the Department of Transportation or
27 the department's successor with respect to providing funds to
28 subsidize Amtrak service.

29 (3) "Motor carrier of passengers" means a person or entity
30 providing motor vehicle transportation of passengers for
31 compensation.

32 (4) "Mixed-mode feeder bus service" means bus service carrying
33 both passengers connecting to or from a rail service and passengers
34 only using the bus service.
